CLÉMENT SAMPEBGO

Computer Science | Data Science | Applied AI

Berekuso, Ghana | cl.sampebgo@gmail.com
github.com/CSampebgo333 | linkedin.com/in/clement-sampebgo

PROFILE

Final-year Computer Science student at Ashesi University, graduating in June 2027. Experience in data analysis, document AI, relational databases and multilingual benchmark construction. Bilingual in French and English.

EDUCATION

Ashesi University, Berekuso, Ghana | BSc Computer Science
Expected graduation: June 2027 | Mastercard Foundation Scholar

RESEARCH

Global PIQA | Contributing author | 2026

• Contributed to the Zarma dataset with M. K. Keita, preparing prompts and filtering and formatting LLM-generated examples. Reviewed French seed examples for cultural relevance.

• Paper: Global PIQA: Evaluating Commonsense Reasoning Across 100+ Languages and Cultures. NeurIPS 2026 Evaluations & Datasets Track acceptance reported in the supplied CV.

• Preprint: arxiv.org/abs/2510.24081 | Contribution scope: Zarma examples within an international collaboration.

EXPERIENCE

Pfizer, via Extern | AI-Powered Document Insights & Data Extraction

July - October 2026

• Developed a Python prototype combining PDF extraction, OCR and semantic retrieval.

• Connected local language-model generation to a Gradio interface with source-page inspection.

• Evaluated retrieval and answer quality separately and documented technical trade-offs.

Breaking Games, via Extern | SQL & Database Architecture

July - September 2026

• Designed a relational analytics database in SQLite with dimension and fact tables.

• Used SQL joins, window functions and validation queries to check data consistency and metric definitions.

• Built a reporting layer and an HTML/Chart.js dashboard; practiced communicating assumptions and limitations.

CLÉMENT SAMPEBGO

Computer Science | Data Science | Applied AI

EXPERIENCE

National Geographic Society + TNC | Marine & Community Conservation

September - November 2025

• Synthesized published reporting and existing community footage into three research records on conservation issues at Tanghin Dam.

• Created a public ArcGIS StoryMap and recorded a short presentation connecting environmental pressures, fishing livelihoods and community responses.

Beats by Dre, via Extern | Consumer Insights Data Analytics

June 24 - July 29, 2024

• Analyzed consumer reviews using Python, exploratory analysis and NLP, including Gemini AI.

• Developed visualizations and recommendations intended to inform brand decisions.

LEADERSHIP & SERVICE

Peer Tutor, Ashesi University | June 2024 - Present: facilitate interactive Python sessions for Introduction to Computing and Information Systems.

Youths4Change Initiative, Ashesi University | December 2024 - Present: mobilize peers and support awareness and educational activities.

AWARDS & RECOGNITION

Mastercard Foundation Scholar, Ashesi University | 2023 - 2027

French Government Scholarship, CESI Graduate School of Engineering | 2025 - 2026 (as listed in supplied English CV)

Exchange program nomination, CESI Aix-en-Provence | 2024 - 2025

Dean’s List, Ashesi University | Semesters 1 and 3

TRAINING & CERTIFICATIONS

Google Data Analytics Professional Certificate | Completed December 30, 2024

Prompt Engineering for ChatGPT, Vanderbilt University / Coursera | January 24, 2025

Business Development Module, One Percent Club | May 2023

TECHNICAL SKILLS

Programming: Python, SQL, Java, C++, C, JavaScript, R

AI & data: OCR, RAG, NLP, LlamaIndex, Pandas, Matplotlib, Tableau, Chart.js; multilingual evaluation

Databases & web: SQLite, relational design, dimensional modeling, HTML, CSS, React, Next.js

Tools: Git, Jupyter Notebook, RStudio, DB Browser for SQLite

Languages: French (native), English (professional proficiency)
